  Depending on the number of students expected to attend the event

BUDGET:

To handle the budget

- we assign two core committee members as treasurers of the event and they shoulder the budget responsibilities
- The main source of the budget is the sponsorships
- The treasurers ensure that the budget we receive is sufficient to handle the event
- We plan to conduct some events i.e quizzes, soon which demand participation of students and in turn generate some revenue to handle the event

PEOPLE NEEDED :

- There are different committees like organizing committee, design management committee, and finance committee and backdrop committee
- All the above mentioned committees collectively work together to handle the event

- We need students who can manage the event very efficiently with ease and we mostly prefer students having the managerial skills
